### **Health Assessment, Kansas Certificate of Immunization, and Proof of Identity**

#### **Health Assessment**

The 1994 Kansas Legislature passed a law requiring a Child Health assessment for new school entrants (not previously enrolled in any Kansas school). This applies to children ages 8 and under, including preschool children enrolling in school for the first time. USD 105 requires all kindergarten students to have a completed Health Assessment on file. The Health Assessment may be done up to 12 months prior to school entry. Health

Assessment means a health history, physical exam and such screening tests as are medically indicated to determine hearing ability, vision ability, nutrition adequacy and appropriate growth and development. As an alternative to the Health Assessment requirement, a pupil shall present:

1. A written statement signed by one parent/guardian that the child is an adherent of a religious denomination whose religious teachings are opposed to such assessments; or
2. A written statement signed by one parent/guardian that such an assessment will be scheduled and completed within 90 days after admission to school.

Failure to comply with the Health Assessment requirement will result in the student being excluded from school. Written notice of potential exclusion and the date of exclusion will be sent to the parent/guardian by the principal or school nurse. On the fourth consecutive day of absence due to exclusion the student will be reported to DCF as truant.

### **Immunization Requirements**

K.A.R. 28-1-20 defines immunizations required for any individual who attends school or early childhood programs operated by a school.

\*\*Specific timelines and variables for immunizations are available from the School Nurse or Health Department. Other information is available online at: <http://www.kdheks.gov/immunize/schoolInfo.htm>\*\*

**For all Elementary Students the following Immunization Requirements will be followed:**

4 doses acceptable if dose 4 given on or after the 4th birthday.

If dose 4 is administered before the 4th birthday, a 5th dose must be given at 4-6 years of age.

\* 3-4 DTP, DtaP and or DT/Td (Diphtheria, Tetanus, and Pertussis) - Depending on dosing schedule, required for students age 7 & older.

\* 3-4 OPV or IPV (Polio) - depending on dosing schedule - Required for all students.

\* 2 VAR (Varicella -Chicken Pox) vaccinations or written verification of the date of the illness signed by the students' physician required for all Kindergarten and 1<sup>st</sup> Grade Students.

\*\*Specific timelines and variables for immunizations are available from the School Nurse or Health Department.

**As an alternative to the required immunizations the parent/guardian of the student must present:**

a. An annual written statement signed by a licensed physician (MD or DO) stating the physical condition of the child to be such that the immunization would seriously endanger the life or health of the child.

b. A written statement signed by one parent or guardian that the child is an adherent of a religious denomination whose religious teachings are opposed to the required immunizations.

c. A written statement signed by one parent or guardian that such immunizations are in process of being received and will be completed within 90 days after admission to school. A copy of the completed immunization record will then be presented to the school the student attends.

**Non-compliance** with the provisions of KSA 72-5209 as amended will result in the child being excluded from school until compliance with the law has occurred. The building principal or designee (often times the School Nurse) will notify the parent or guardian in writing of the date the child will be excluded from school. On the fourth consecutive day of absence due to exclusion, the student will be reported to the SRS or Juvenile Court System as truant.

### **Proof of Identity**

Kindergarten students and other students attending USD 105 for the first time must also present their birth certificate or other acceptable form of identification.

**Hospital certificates of birth are not acceptable substitutes.**

## **ATTENDANCE**

Regular attendance is an important ingredient to school success. Kansas Law provides that all children, enrolled in school (through age 18) shall be in regular school attendance. The responsibility to see that this occurs rests with the parent(s) of the child. Children who are ill should see a physician and all others should be in attendance. **Because attendance is so important, the schools will make every effort to see that all children are regularly attending school by enforcing tardy and absence policies.**

When students are ill, or cannot attend school, please call the school as early as possible. In the event that the school has not been notified, the officer may contact parents regarding student absence. If the school is unable to contact you by telephone within three days of the child's absence, a letter may be mailed to you. An

unexcused absence of three (3) consecutive days, five (5) days per semester, or seven (7) days per school year is considered "truancy" (KSA 1979 Suppl. 72-1113). Children who are truant will be reported to the Department of Children and Families (DCF) or the Juvenile Court System. All absences after five (5) days in a semester will be considered unexcused unless a student presents a doctor's note.

### **Change of Address/Phone**

Parents must notify the school immediately of a change in address, telephone number, place of employment or babysitter. It is vital that the school always have an emergency contact number on file.

### **School Security**

Parents are required to check in at the office and sign the register before they visit classrooms or students are called to the office for dismissal. This procedure is for the safety of our students. **It will be enforced at all times.**

### **Tardy Policy**

USD 105 believes every student should be in school at the opening bell. A student is tardy after the opening bell rings. Unexcused tardies will be handled at teacher discretion. Parents will be notified of concerns, and students may be asked to serve make up time in 5-minute increments. Parents/guardians and/or designated students are responsible for transportation home after detention. Tardy counts will restart after each nine weeks.

### **Dismissal from School Due to Illness or Appointments**

Notify the office and teacher of days your child will be absent. At the classroom teacher's discretion, homework may or may not be given in advance. When a child must be sent home due to illness, the parent or the emergency contact person listed with the school will be called. Students should remain home until all symptoms of the illness are gone. Health Department requires students to be fever free for 24 hours before returning to school. If you are in doubt about your child's ability to

overcome a serious type illness, please contact your family physician. Students will be dismissed through the office for doctor or dentist appointments, or other reasons, upon request by the parents.

### **Admittance to School Following Absence**

Any student who is absent from school shall be expected to bring a note to school on the day following the absence, signed by parent/guardian, explaining the reason for the absence, or the parent/guardian may telephone the building office on or before the day of absence. Absences will be considered unexcused until the note or phone call is received. Each student will have the number of days absent plus one day to make up any missing assignments. Students will not be permitted to participate in music programs or afterschool activities if they did not attend school on the day of the performance/activity without prior approval.

### **Academics**

The grading scale for USD 105 is:

100-90=A    89-80=B

79-70=C    69-60=D    59-0=F

### **Missed Assignments**

Due to the demands of each class, it is essential that students miss as few classes as possible. It cannot be stressed enough that students must attend class on a daily basis. Vacation plans and medical appointments should be scheduled to provide minimal disruption to the school day. If, however, a child has to be absent, then it is the responsibility of the child to get and make up his/her work as soon as possible. Parents may call in the morning to pick up make-up work in the afternoon of a day when a student is absent.

### **Health Services**

The School Nurse provides a variety of health related services to the students of USD 105. The Nurse works together with students, parents/guardians & school personnel to foster the optimum health of each individual student. Health records which include immunization records as required by Kansas State Law are maintained by the Nurse for each student. First aid or emergency treatment will be handled by the school nurse for the school building in which she is present. Other school personnel are designated to perform emergency treatment and medication administration when the nurse is not present. Students who become ill or are injured during the school day are to report directly to the Nurses Office for care.

Parent/Guardian contact is to be initiated by the Nurse or her designee from her office or by the Principal or Secretary from his/her office to the ill or injured Student's Parent/Guardian. Students will be cared for in the nurse office and return to class if appropriate & able.

General Guidelines for Student dismissal for illness include: temperature of 100.00F or above; vomiting, identification of potential communicable disease, etc. General Guidelines for Student dismissal for injury include: loss of consciousness, potential fractures, need for stitches or an injury which prevents them from participating in school/events, etc. The student's Parent/Guardian may opt to take/send their student home for illness or injury. Building attendance policy will apply anytime a student is dismissed as ill or injured. Only the school nurse or principal's office may dismiss students from school for injury/illness. In the event of a serious accident, the school will contact the Parent/Guardian while continuing to care for the student. In the event that the parent/guardian cannot be located or is unable to come to the school and immediate medical care is needed for the student, 911 will be called by school personnel to facilitate EMS transport to the hospital. The Parent/Guardian can decline EMS care/transport if they are present to care for &/or transport their student.

## **Screenings**

Screenings for the control and prevention of communicable diseases, vision and hearing are also offered through the school year. Students with communicable diseases will be handled following guidelines established by the Kansas Department of Health and Environment.

## **Vision & Hearing**

Vision screening is provided to all USD 105 students every other school year (every 2 years). Hearing screening is provided every 3 years. Elementary students will receive a pass note to bring home for these screenings. A referral letter will be mailed to the parent or guardian of any student who fails the vision or hearing screening.

If you do not want your student to receive vision or hearing screening, you must send a written refusal of these services to the School Nurse in your student's building.

## **Head Lice Policy**

Students with head lice will be sent home from school. Additional information regarding the method of spread, removal and control of head lice is available through the School Nurse or the Health Department. All live lice and nits/eggs must be removed from the student's hair before they will be allowed to return to school.

**Students will be referred to Department of Child and Family Services for prolonged absences or the appropriate agency.**

1. Children under the age of 14 will be referred to Department of Child and Family Services.
2. Children 14 and older will be referred to the County Attorney. (BOE approved 10/9/1997)

2. **Drugs:** No student may possess, sell or use any illegal drug, alcohol, or tobacco product.
3. **Violence:** No student will engage in any violent act or threaten any person's safety or life.

These rules apply on all school properties at all times, and at all school-sponsored activities. Consequences for violating any of these rules are listed in School-sponsored activities. Consequences for violating any of these rules are listed in School Board Policy (available at any school office) and range from suspension from classes to expulsion from school for up to 186 days. USD 105 has a zero tolerance policy on violations of the rules for weapons and drugs. The student will be recommended for 186-day expulsion.

**Kansas School Safety and Security Act (KSA 72-89b03)**

The Kansas School Safety and Security Act and USD 105 Board Policies require school personnel to report all felony and misdemeanor crimes committed on school property or at a school supervised activity to the appropriate law enforcement agency. If an administrator's preliminary investigation reveals information which indicates a crime **may** have been committed, the administrator is required by law to file a report. Whether or not the report is made in writing (for later follow-up by law enforcement) or by phone (for immediate follow-up by law enforcement) is dependent on the seriousness and nature of the situation. **Fighting with blows involved is considered a reason to file a report with law enforcement.** When law enforcement officers conduct an investigation and/or question a student during school hours, the building principal will make a reasonable attempt to contact the parent/guardian of the student prior to questioning.

To the extent possible, reasonable requests of the parent/guardian will be observed. The administrator involved will document notification or attempted notification of the parent/guardian. If a student's parent/guardian is not present during questioning of a student, the principal or a certified school staff member will be present. The decision to arrest a student and remove the student from school jurisdiction is up to law enforcement and **not** under the authority of school personnel. This policy is enforced in all USD 105 buildings.

**Drug Free Schools and Communities Act (P.L. 102-226, 103 St. 1928, Amended 1989)**

The unlawful possession, use, sale, or distribution of illicit drugs and alcohol by students on school premises or as a part of any school activity is prohibited. USD 105 has a zero tolerance policy on use of illicit drugs in the school setting. Any student who violates this policy will be reported to the appropriate authorities and will be recommended for expulsion from school for 186 days.
